

## Environmental, Health, Safety & Security

Landstar's environmental, health, safety & security (EHS&S) program is the right thing to do. It enhances the value of the organization to Landstar customers and the environment we operate within through the supportive actions of its agents, employees and capacity providers.

Landstar's commitment is to:

- Reducing, and where feasible, eliminating the generation, discharge, disposal or spilling of hazardous materials.
- Train its employees in how to conduct their activities in an efficient, responsible manner, consistent with this policy.
- Meet or exceed the environmental, health, safety & security requirements of regulatory agencies and strive to meet other requirements as known to Landstar.
- Monitor its performance to determine progress toward the achievement of EHS&S program goals and objectives through appropriate measurements and internal audits.
- Conduct regular meetings of management to review performance with respect to EHS&S programs.
- Promote and communicate its EHS&S programs to Landstar customers, agents, employees and capacity providers.
- Encourage its customers, agents and capacity providers to institute sound practices consistent with these objectives.
- Work to continuously improve its management practices with respect to EHS&S.

**Landstar's pledge is to be a positive influence within the transportation and logistics industry and we accept the responsibility to do so.**
